

Vaulting Table "Ergojet Club"

1407174

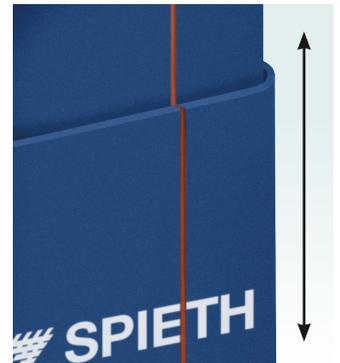

Vaulting table, especially created for use in schools and clubs for training proposes. Developed by SPIETH and revolutionary in many ways.

The large surface of the soft padding is gentle on the joints and protect the gymnasts from the risk of injuries. It includes a built-in transport system for easy storage. The column is equipped with a two-piece padding and ensures a lower risk of injury. Height adjustment is with a gas spring between 90-135 cm.

The Ergojet Club is also an ideal training apparatus for men and women alike as well as for the youngest gymnasts.

Really soft padding

Height adjustment between 90-135 cm
