

Balance Beam "Soft Touch"

1414210

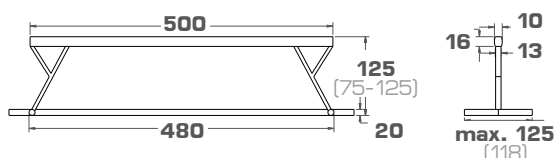

The revolutionary new SPIETH "Soft Touch" technology features a unique combination of landings with a "Soft Touch" and superior stability.

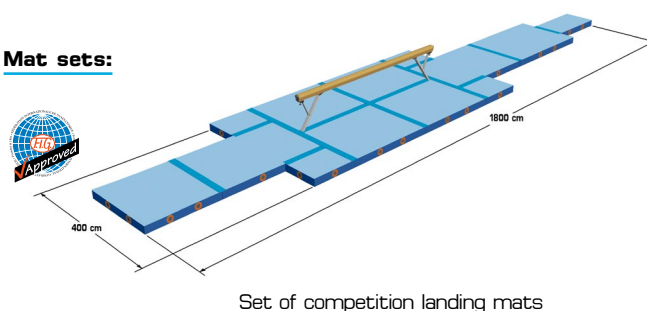

Technical Data:

| | |
|---|--|
| Certificates: | FIG certified Original System Reuther |
| Reference number: | 1414210 |
| Beam body: | Looks 'optically wider' due to a new shape of the stable aluminum profile. The top layer is skin-friendly and hygroscopic. The 'Soft Touch' technology combines Soft Touch landing with an extremely stable top layer. More safety due to endcaps made of PU foam. |
| Legs: | Soft rubber endcaps provide stability and prevent floor damage. Very stable with durable powder-coated steel. |
| Height: | Adjustable from 75-125 cm, with 5 cm increments |
| Length beam: | 500 cm (working area), 506 cm (total length incl. end caps) |
| Width beam: | 10 cm (working area), 13 cm (total width) |
| Width legs: | 118 cm |
| Max. space occupation: | 506x118 cm (without mats) |
| For packaging/scope of delivery data please see manual | |
