

Competition Uneven Bars "Munich"

1383220

The competition Uneven Bars with newlinen rails and a new built-in height adjustment system.

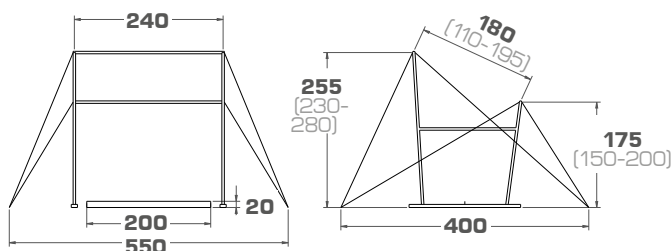

With patented double tension system, with 2 slide adjusters providing individual fine tuning of tension.

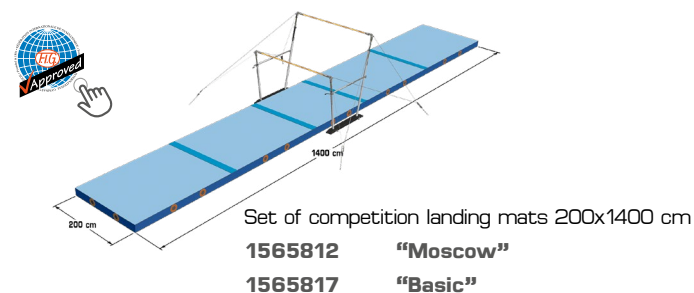

Technical Data:

Certificates:	FIG certified Original System Reuther
Reference number:	1383220 "Munich"
Rails:	"Fiberflex Pro": Fiberglass reinforced Resin with double layer of hard-wearing natural linen
Width:	110 - 195 cm (steplessly, measured diagonally)
High rail:	230 - 280 cm in 5 cm increments
Low rail:	150 - 200 cm in 5 cm increments
Weight:	115 kg
Height adjustment	New built-in height adjustment system in the uprights. By pushing the locking pins the height can be adjusted (at high upright in combination with a knob). An adaption of the tensioning is mandatory.
Tension system:	High-quality steel cables, dual tension Reuther System with pulleys, 2 slide locks, 4 tension swivels and 4 chains. Tensioning extension system on two steel cables ensure an easy height adjustment without losing the tensioning of the apparatus.
Uprights:	Heavy-duty powder-coated steel precision tube
Inner tubes:	Nickel-plated steel precision tube
Console:	Heavy-duty powder-coated steel with floor protectors and integrated transport rolls
Rail holders:	Cast aluminum alloy
Anchoring:	4 floor anchors (not included). According to FIG Apparatus Norms (p. 148/ 03-2021) all attachments shall withstand a static force of 8000 N (+20N) in the pulling direction.
Max. space occupation:	Incl. tensioning: 550x400 cm (without mats)
For packaging/scope of delivery data please see manual
